

CoMBoS ABSTRACTS

- Abstracts will be published in English in the electronic Book of abstracts.
- Deadline for Abstract submission is **May 14 2017. at 23:59 CET.**
- Acceptance letters and information on selection of accepted abstracts for oral presentation will be delivered by **June 15 2017.**
- A researcher may be a presenting author of only one paper and a co-author of more than one of them.
- Abstracts that do not contain results will not be considered.
- Paid registration fee for the presenting author is a requirement for publication of the abstract in the electronic Book of abstracts.
- Presence of the presenting author at the appropriate CoMBoS Poster Session is a requirement for consideration of the paper for the «Best Poster Award».
- Abstract should be sent in the form of a Word document at the e-mail address molbios@bio.bg.ac.rs

INSTRUCTIONS FOR WRITING ABSTRACT

- Abstract should be structured and written in English.
- The length of the abstract, without the title, names of the authors, affiliations and acknowledgement, is 250 words at maximum.
- Abstract should be written in Arial with single spacing and without space before and after the paragraph.
- Abstract should be prepared as a Word document of A4 size with the top, bottom and right margins of 2.5 cm and the left margin of 3 cm.
- The name of the Word document should contain the name of the first author according to the following pattern: Name_Surname_CoMBoS_SS.docx, where SS is an acronym of the congress session: MBE (Molecular Biology of Eukaryotes); BM (Biomedicine); MBM (Molecular Biology of Microorganisms).
An example of the Word document name: Nevena_Kotarac_CoMBoS_BM.docx.
- The title of the paper should be centered and written in bold uppercase letters, in font size 12.
- The title should be followed by an empty line.
- Full names and surnames of the authors should be written in font size 12. The name and surname of the presenting author should be underlined.
- Authors' affiliations should be designated by numbers in superscript. The paragraph with the authors' names should be centered.
- The paragraph with the authors' names should be followed by an empty line.
- Authors' affiliations should be given in the next line, written in italic font size 11 and should contain the name of the institution, town and country. The paragraph with the affiliations should be justified.
- The paragraph with the affiliations should be followed by an empty line.
- The structured abstract should contain the Introduction (optional), The aim, Methods, Results and Conclusion. The abstract should not contain key words and references. It should be written in font size 11. The body text of the abstract should be justified. The paragraphs are separated by new lines and their titles should be written in bold.
- The body text of the abstract should be followed by an empty line.
- The acknowledgement should be written in the next line using font size 11. It should be justified and should contain the project number and the funding source.

Example:

COPY NUMBER VARIATIONS CHROMOSOME Y AND MALE INFERTILITY

Nevena Kotarac¹, Nemanja Vučić¹, Ivan Vuković², Selma Kanazir³, Goran Brajušković¹

ADDITIONAL INFORMATION ON ABSTRACTS

- Abbreviations in the abstract title should be avoided.
- The names and abbreviations of the genes should be given according to the nomenclatures available on the following web pages:
 - Homo sapiens: <http://www.genenames.org/>
 - Mouse: <http://www.informatics.jax.org/mgihome/nomen/>
 - Rat: <http://rgd.mcg.edu/nomen/nomen.shtml>
 - Chicken: <http://www.agnc.msstate.edu/>
 - Anolis lizard <http://lizardbase.org/pages/agnc.html>
 - Xenopus: <http://www.xenbase.org/gene/static/geneNomenclature.jsp>
 - Zebrafish: <https://wiki.zfin.org/display/general/ZFIN+Zebrafish+Nomenclature+Guidelines>
 - Drosophila: http://flybase.org/static_pages/docs/nomenclature/nomenclature3.html
 - C. elegans: <http://wiki.wormbase.org/index.php/Nomenclature>
 - Arabidopsis: <http://www.arabidopsis.org/portals/nomenclature/guidelines.jsp>
 - S. cerevisiae: http://www.yeastgenome.org/gene_guidelines.shtml
 - S. pombe: <http://www.pombase.org/submit-data/gene-naming-guidelines>
- Gene abbreviations should be written in italic, while protein abbreviations should not be in italic.
- Human mutations should be designated according to HGVS (Human Genome Variation Society) nomenclature available at <http://varnomen.hgvs.org>. Citing the reference sequence is required (<http://varnomen.hgvs.org/bg-material/refseq/>).
